

GZP-180 High-speed Shuttle Pad Packing Machine

The GZP-180 automatic high-speed pillow packaging machine is equipped with a servo drive and a reciprocating knife seal.

It is suitable for packaging pharmaceutical plates, biscuits, bottles, tray-type containers, transparent soap, and other pieces in the pharmaceutical, food, daily chemical, cosmetic, electronic, and other industries with moisture-proof and light-proof functions, and can be connected with an aluminum-plastic packaging machine and so on.

Packaging materials: paper/PE, OPP/PE, OPP/PP, OPP/AL/PE, PP/OPP/AL, PET/PE, etc. suitable for thermal sealing, the thickness of the film can be selected according to the product.

Features

1. PLC control, human-machine interface, convenient and quick parameter setting.
2. Full servo control, the package length is set and cut.
3. The highly sensitive electric eye tracks the color scale, making the sealing position more accurate.
4. PID-controlled temperature, suitable for all kinds of color film materials, improves the sealing quality.
5. With positioning stop function, no knife sticking, and no film cost.

Technical parameters

Model	GZP-180
Efficiency	30-180 (packings/min)
Package size	L(50-300)×W(30-120)×H(5-50)mm
Maximum film width	350mm
Power supply capacity	AC 380V/50Hz, 7.0Kw
Equipment weight	1500kg
Overall dimensions	3650x1160x1450 mm (with one charge)
