

DPR 260G Tropical (AL/PL/AL) Blister Packing Machine

DPR 260G Tropical (AL/PL/AL) Blister Packing machine got two patents from the state, It can be used for three different kinds of packaging: AL/PL AL/AL, AL/PL/AL, up to the purpose of one machine three uses.

Technical Parameters

Prducticity	40000-8000 pieces/h
Travel adjusting range	40-130mm
Max.of topic Aluminum Forming area and depth	220x 110x 20mm
Heating plate power	1.5(upper)、1.5(lower)Kw
Hot- sealing power of alum,-Plastic	3KW
Power of main motor	2.2KW
Capacity of air compressor	≥ 0.2m/min
Size of wrapper(width)	PVC IAL Foil、 Tropical AL 250mm
Weight	3000kg
Cutting frequency	15-40(Fequency Conversion AduablTImelmin
Max. Of forming area and depthof PVC	240 x 120 x 18mm
Hot-sealing power of ropico Aluminum	7KW
Overall size	4750 x 1200 x 1800mm
