

Automatic Sticker Labeling Machine ES-CC

Suitable for positioning labeling on a variety of round plastic, glass bottle in food, medicine, cosmetics, chemical and other industries. Round bottle positioning labeling machine has strong flexibility and extensive application.

Functions and features:

Have the function of round bottle sentinel positioning labeling.

Convenient and intuitive to operate, have extensive function of help feature and fault display.

Reserved 50groups labeling parameters (including the bottle's diameter and label length), no need to re-set when change bottles.

Bottle-separating wheel designs for sub-material, with extensive application and easy adjustment.

Three-fixed round bottle labeling make sure the labeling accuracy.

Offer various detection functions, effectively prevent those problems like fail labeling, wrong labeling, re-paste, crooked paste, unclear coding or leakage coding.

Technical parameters:

- The diameter/width of object: 20-120mm
- Labeling accuracy: ± 1.0 mm
- Scope of application label: 15-140mm high, 20-300mm long
- Labeling speed: 20-60 bottle per minute
- Rated voltage: 220V/50Hz
- Total power: 1.1KW
- Machine size: 2000*1230*1900mm
