

## *Micro Doser Dry Powder Small Auger Filler VTOPS-P4*

Semi-automatic micro small doser auger filler applies to dosing filling for the dry powders from 1 gram to 50 grams.

### **Features:**

1. Microcomputer control: adjustable parameters, the error can be automatically corrected.
2. Easy to use: without space restriction.
3. Good corrosion resistance not contaminated material.

### **Technical Parameters:**

- Model: VTOPS-P4
- Brand: VTOPS
- Filling Weight: 1g-50g
- Filled Error:  $\leq 0.1\text{g}-1\text{g}$
- Measurement Method: Auger Dosing
- Filling Speed: 0-40 fills/min
- Contact Materials: SUS 304
- HMI: Keyboard
- Control System: SCM
- Filling Motor: Stepper Motor
- Hopper Volume: 15 Liters
- Machine Weight: 120 Kg
- Voltage: AC Single-phase 220V 50/60Hz
- Power: 0.3Kw
- Dimensions: 60\*50\*160cm
