

Automatic Round Corner Bag Tablets Counting and Packing Machine HY-YPJ50

Applicable to the food, health care, pharmaceutical industry in the form of tablets, pellets, granules, ovals and other compressed candy, soft capsules, tablets and other products, can be packaged in single or multiple pieces.

Features:

1. Adopt high-configuration electrical components, which have been verified by our company for many years, stable and safe;
2. Full pneumatic control includes metering and bag making, simple operation, less wear parts in the later stage, and reduced parts replacement;
3. Material: Whole set machine use SUS304 stainless steel, which meets the requirements of GMP production.
4. The heat-generating parts and moving parts are hidden in the protective cover and are safe to operate.
5. The equipment is equipped with casters for easy handling and movement.
6. Using Siemens PLC control system, many parts are from famous company in the world

Mechanical characteristics and product characteristics:

1. The equipment is easy to operate and easy to maintain.
2. The whole bracket is made of all stainless steel, non-outsourced stainless steel;
3. The equipment is compatible, and different specifications can be realized by changing the mold;
4. According to the shape and size of the material, the number of discs can be customized. Accurate and no jamming.
5. Auxiliary equipment: ribbon coding machine + finished conveyor

Technical Parameters:

Model	HY-YPJ50
Filling range	1-20pcs
Sachet size	W : 30-100mm L : 30-150mm
Max. film width	220mm
Sachet type	Round corner bag type
Filling method	Counting plate
Control	Siemens PLC control system
Capacity	30-40ppm
Power	220V50-60HZ/1.0KW
Air	0.3m ³ /min 0.6-0.8Mpa
Materials	Case SUS202;Contacting parts SUS304
Dimension(L*W*H)	670*850*1700mm
Weight	200KG
