

Sachet/Stick Packing Machine (VFFS) HTL-400A

Description:

1. The sugar automatic vertical packing machine is fully automated operation, it can achieve product packing assembly line work, and improving production efficiency and significantly reduce product cost.
2. The sugar automatic vertical packing machine conforms to the food processing machinery's sanitation standard. On the machine, the spare part which contacts the material and pouch conforms to the standard of food sanitation request on material processing, food health and security guarantee.

Application:

Except for kinds of sugar , this machine also suit for the materails below:

Pouch Drawing & Samples:

Machine Function:

1. With the function auto filling, measuring, bag forming, code printing, sealing and cutting. Bag-making system adopts step motor with high precision
2. Controller adopts Chinese or English displaying, can see the working conditions directly.
3. With intelligent photoelectric controller system.
4. Machine body full of 304 stainless steel.
5. Cup volumetric filler, high accuracy.
6. Good visibility with side-open protective platens, operate safely.
7. Adopt the newest hopper sets, easy to adjust and clean, no need adjust again after clean, so that can improve working efficiency
8. This machine is suitable for the packing of granule products, bag can choose from 3-side or 4-side seal or back seal according to customer needs.
9. Ribbon printer is addable according to customer needs, which can print one to three lines letter, date of produce and batch number.
10. The Bag Former: The bag width is different, the former is different
11. The Bag Length: Could be set on the Operate Interface

Main Technical Parameter:

Model	HTL-400A
Packing Speed	30-70 bags/min
Bag-Making Size	Width 30-150mm, Length 50-200mm
Filling Range	1-500g
Packing Materials	OPP/CPP PET/PE PET-AL/PE composite material
Film Width	80-320mm
Film Thickness	0.04-0.08mm
Film Roll Diameter	Max. 320mm
Power Supply	AC220V/380V 50/60Hz 2.5kw
Machine Dimensions	(L)1200*(W)900*(H)2150mm
Machine Weight	300kgs
