

DXD-500B Type Automatic Compound Film Side-Sealed

All parts come to contact with material and exterior are made of high-quality stainless steel and four directions sealed ensure the products meet state sanitary standard.

DXD-500B model is widely used in filling and sealing of various beverages and juices, such as milk, peanut milk, sauce, vinegar and yellow wine.

It adopts auto tape supply and drift correct, auto alarm while no film or film break, data screen, auto cursor location, triangle bag molding, hot sealing and cutting, film moving by grafting, quantitative lilling, date printer and other components, Auto cursor location can automatically correct patterns and supply film-moving length, so as to guarantee that products have compact printing patterns

主要技术性能 Main Technical Performance:

生产效率 Production Efficiency	1500或2000袋/小时 1500 or 2000 bages/h
适用电压 Application Voltage	380v or 220v
薄膜宽度 (mm) Film width (mm)	320mm/240mm
功率 Horse power	1.5kw
机器重量 Machine Weight	About 800kg
外型尺寸 Overall dimension	960x830x2600mm
