

## *HDL-450XSS All Stainless Steel Automatic Packing Machine*

### **Product description:**

Apply to the towel, tissue, noodle, sausages, biscuits, fresh fruit, ect.

### **Features:**

1. Double frequency converter control, the bag is set is cut; don't need to adjust empty away. Saving time and film for one pace reaches the designated position.
2. The man-machine interface, convenient and quick parameter setting.
3. Fault self-diagnosis function, fault shows at a glance.
4. Glances standard Gao Gan degrees photoelectric tracking, digital input, sealing and cutting position is sealing and cutting more accurate position.
5. The temperature independent PID control, better suited to a variety of packaging materials.
6. Stop function, non-stick knives, do not waste envelope.
7. Drive system is concise, more reliable, more convenient maintenance.
8. All control by the software implementation, convenient function adjustment and technology upgrade, never backward.

**Specifications:**

Type	HDL-450XSS
Film width	Max.450mm
Bag length	130-450mm
Bag width	50-180mm
Product height	Max.75mm
Film roll diameter	Max.320mm
Packaging rate	30-150bag/min
Power	220v 50/60Hz 2.8KW
Machine size	(L)4020*(W)820*(H)1450mm
Machine weight	About 950KG
