

## *KB320 Automatic Horizontal Pillow Packing Machine*

Horizontal Flow Packing Machine is a series of wrapping packing machine, basic types including type 250/ 320/ 350/ 400/ 450, all of which are multi-functional automatic high speed pillow packing machine. Usually applicable for packing medicine, food, stationery, hardware, biscuit, cakes, bakery, and others.

### **Configurations**

1. Double frequency converter control, bag length that is cut, no need to adjust the empty walk, one step in place, save time and save the film.
2. Man-machine interface, parameter setting is convenient and quick.
3. Fault self diagnosis function, fault display at a glance.
4. High sensitivity photoelectric eye mark tracking, digital input seal cutting position, so that the seal cutting position more accurate.
5. Temperature independent PID control, better for all kinds of packaging materials.
6. Positioning stop function, no sticking knife, no waste of packing film material.
7. Drive system is simple, more reliable work, more convenient maintenance.
8. All control is realized by software, which is convenient for function adjustment and technical upgrading, and never falls behind.

### **Optional Devices**

1. Release the air and punching
2. Alternative sealing patterns and notch
3. Date coder
4. Dozen yards Machine Exhaust
5. Filled with air device

## Technical Parameters

Type	KB-250/320/350/400/450/600/680
Film width	Max.250/320/350/400/450/600/680mm
Bag length	30-900 mm
Bag width	30-250mm
Product height	Max.80mm
Film roll diameter	Max.320mm
Packaging rate	30-230bag/min
Power	220v 50/60Hz 2.4KW
Machine size	(L)3770*(W)670*(H)1450mm
Machine weight	About 700KG
Remarks	Optional Air filling device
