

Four Heads Weighing Filling Machine BS-X1-4L3

Four hoppers of high precision digital load cell. Microcomputer control system. Adopting the double vibration feeder. The technology is advanced and easy operation. The metering hopper discharge easily. Fast, simple and maintain.

Technical parameter:

| Type | BS-X1-4L3 |
|-----------------------|--|
| Hopper volume | 3L |
| Weighing accuracy | ±0.2-2g |
| Weighing range | 3-3000g |
| Weighing speed | 40bag/min |
| Preset parameter | 99 kinds |
| Displayer | 7 inches touch screen |
| Options | Pattern Bulk Hopper/Collection Hopper/Feed Divider |
| Packing Dimension(mm) | 1350(L)*945(W)*970(H)mm |
| Power Requirement | AC110V/220V 50Hz/60Hz |
| Net weight : | 240Kg |
