

Fully Automatic Clamp-Pulling Packing Machine for Round Corner CRC-01

This machine is applicable for Packaging of granules materials and powder materials, such as electuary, soy milk powder, coffee, medicine powder and so on. It is widely used in food industry, medicine industry and other industry.

Features:

1. This machine can automatically complete feeding, measuring, bag making, sealing, cutting, counting and product conveying.
2. Introduce PLC control system, servo motor for pulling film with accurate location.
3. Use clamp-pulling to pull and die-cut to cut. It can make tea bag shape more beautiful and unique.
4. All parts which can touch material are made of 304 SS.

Technical Parameters:

Model	CRC-01
Bag size	W:25-100(mm) L: 40-140(mm)
Packing speed	15-40 bags/minute(depending on the material)
Measuring range	1-25g
Power	220V/1.5KW
Air pressure	$\geq 0.5\text{map}$, $\geq 2.0\text{kw}$
Machine weight	300kg
Machine size (L*W*H)	700*900*1750mm
