

## *FFB-DP Series Full Automatic Bottle Shrink Packing Machine*

We develop full automatic bottle shrink packing machine for pesticide manufacturer which can connect to the bottle filling line directly to achieve automatic bottle feeding, falling, packing, shrinking. The development of this machine makes the whole packaging line much safer, environment friendly and save labors. It overcomes the disadvantage of high cost and low efficiency when packing by hand. The machine get highly appreciation from pesticide manufacturers.

The packing speed can be 50-120ppm. Save labors and avoid some dangers at the same time when packing by hand. Also save packing material by our machine. The film cost is reduced more than half of the original manual bag. Customers can also put some attachments into package such as pencil, king-ring and so on. The package is much nicer, neat, waterproof and environment friendly.

Packing material: PVC/POF and the other material which we tested suitable for packing
