

BPM-20 BK Automatic Granular Food Packaging Machine

Application:

It is Suitable for puffed food, snack, peanut, melon, seed, rice, salt, seeds, monosodium glutamate, white sugar, beans, corn, biscuit, screw, hardware, nail, nut and bolts and other granule, solid material packaging.

Features

1. With advance photoelectric control system, with powerful expanded function, joint packing device, punching device, satisfied with different product requirements.
2. Import servo film transporting system, import color sensors, positioning accuracy, high-performance machine, packaging beautiful.
3. It can finish bag making, measuring, sealing, cutting, date printing, and product output in one operation
4. Imported PLC computer control system, color touch screen, easy, intuitive, and efficient.

Product Information

It is suitable for weighing of granule, slice, roll or irregular shape materials such as candy, seed, jelly, fries, coffee, granule, peanut, puffy food, biscuit, chocolate, nut, yogurt pet food, frozen foods, etc.

Our provided packing machine is sternly tested by our quality examiners on different parameters in order to ensure its quality.

Parameter

Model	BPM-20 BK
Packing speed	40-60 bags/min
Range of measurement	3-15ml
Bag size	(L)50-75mm (W)55-75mm
Power	1.6KW
Total power	220V/50HZ
Packing material	Paper/the polyethylene, nylon/polyethylene, tea filter paper, etc
Net weight	300kg
Overall dimensions	(L)640*(W)750 *(H)1850mm
