

OC-420CZ Large Package Wet Noodle Chain Packaging Machine

Large Package Wet Noodle Chain Packaging Machine realizes automatic feeding, bag filling, date printing and product output of wet vermicelli. The whole set of machine is simple and reasonable in design, stable in performance, easy in operation and daily maintenance. The packaging machine can withstand large working pressure, and the packaging speed is fast and efficient, and the packaging process is hygienic, clean and easy to operate.

Using Large Package Wet Noodle Chain Packaging Machine is very convenient and fast, completing multiple processes at one time, automatic bag making, coding, labeling, packing and sealing, etc. This machine is new design, perfect and fashionable, more reasonable structure and more advanced technology. The complete set of equipment is economical and practical. In addition, all the parts in contact with food are made of food-grade stainless steel, which can ensure the safety and hygiene of the processing.

Application:

1. Fragile material: Chips, shrimp slice, crispy rice.
2. Uneasy measuring material: candy, jelly, bean sprouts, tea leaves, dumpling.
3. The pouch bag into big bag of drugs, commodity, daily use. Food, small hardwares

Technical specifications:

Type	OC-420CZ
Film width	Max.420 mm
Bag length	80-300 mm
Bag width	60-200 mm
Packing rate	10-60 Bag/Min
Machine quality	650 KG
Power	220V 2KW
