

## *NY-827 Flat-round Bottles Multi-function Labeler*

NY-827 applies to flat, round, cylindrical square bottle such as flat shampoo bottle, flat lubricating oil bottle, wine bottle, hand sanitizer round bottle to realize single or two sticker side labeling or circular surface labeling function.

### **Features:**

Multi-function Automatic Labeling Machine for round bottles, oblate bottles, square bottles, etc. The machine can simultaneously achieve two-sided circumferential surface labeling to satisfy the flat bottles, square bottles and bottle shaped single-sided and double side labeling, the entire circumference of the cylindrical body, a half weeks labeling, widely used cosmetics industry, daily chemical industry.

### **Introduction:**

1. Different labeling solutions for flat surface, round labeling, taper wrapping labeling can be supplied. One product can accomplish one sticker, two stickers or more stickers labeling, also can one sticker to finish one side, two sides, three sides or more sides labeling.
2. It also can match with bottle filling machine, capping machine, can seaming machine, cover impressing machine, inkjet /laser / TTO printer etc.

**Technology Data:**

| <b>Model</b>                 | <b>NY-827</b>            |
|------------------------------|--------------------------|
| Production capacity          | 50-200 pcs/min           |
| Accuracy of labeling         | ±1mm                     |
|                              | length: 20-250mm         |
| Range of application product | width: 30-90mm           |
|                              | height: 60-310mm         |
|                              | length: 20-200mm         |
| Range of application label   | width: 20-180mm          |
| Power supply                 | 220V/380V 50/60Hz 1.72KW |
| Machine size (L x W x H)     | 3000mmx1450mmx1600mm     |
| Weight                       | 330kg                    |
