

BS-560C Automatic Heat shrinking Machine

The machine adopt anti-viscosity, high temperature resisting, thermostatic super fine aluminum-alloy sealing cutter. Adjusting precision of temperature and making bags length is super; the running is steady and dependable. It is suitable for film contraction packing in pharmaceutical, food, and toothpaste, cosmetics, electron and toy industry.

Technical Parameters:

Model	BS-560C
PackingMaterial	PO、POF
thickness×width	0.012~0.05×200~550 卷径(max)×300(mm)
Power Supply	380V/50Hz,220V/60Hz
Power	8.5kw
Produce the adility	20-30bags/min
Contractthe speed	0-10m/min
Machine Weight	600kg
Air Prossure	0.5Mpa
Max Packing Size	560×320×125mm(L×X×H)
Shape size	3450×850×1400mm(L×W×H)
Main Matcrial	1Cr18Ni9ti(304)
