

## ZS-GT2 Double Heads Filling Machine

This paste-filling machine is suitable for thick liquid like shampoo, honey, curry paste, tomato paste, lotion etc. The filling range and filling speed can be adjusted according to production need. There are two nozzles, each nozzle can be controlled separately.

### Technical Parameters:

Model	ZS-GT2						
Voltage supply	220/110V 50/60Hz						
Power	10W						
Filling speed	about 4-60Bottle/min(take water for example)						
Filling volume	10-100ml	10-200ml	30-300ml	50-500ml	100-1000ml	50-2500ml	1000-5000ml
Air pressure	0.4~0.6mpa						
Filling accuracy	$\leq \pm 1\%$						
size of air compressor connector	OD 8mm
