

XFS-110 Automatic HFFS Pouch Packing Machine

XFS-110 HFFS Pouch Packing Machine is a completely new bag form fill seal packing machine, is widely used in the packing fields of food, pharmaceuticals, house chemicals, cosmetics, etc. And it is suitable for powder, granule product and liquid product, using different fillers for different products. XFS-110 series have simple design, 100% pouch opening rate, it is your wise choice for three-side, four-side seal and two or multi-link sachet packing.

Application: powder and granule: milk powder, Protein powder, coffee powder, baking powder, granule sugar, Glucose, MSG, juice powder, Granular and powder additive, granule medicine, Talcum powder, Dyes, spices, veterinary drugs, pesticides, detergent powder, etc.
Liquid and paste: tomato paste, fruit jam, shampoo, liquid fertilizer, pesticides, etc.

Character: It adopts PLC human-machine interface and all the actions are driven by air cylinder. The system for going down film uses servomotor control so that we can adjust dimension of film randomly, it has the advantage of high efficiency, applicability and stability. The package is beautiful, and the sealing strength is high. It is the ideal choice for packing foodstuff, pharmaceutical, cosmetic, pesticide, feedstuff industry and so on.

Technical Parameter

Machine dimensions	2060*750*1400(L*W*H,mm)
Weight	About 600kg
Electric supply	AC380V 50Hz
Power	2Kw
Air supply	0.5MPa
Air consumption	0NL/min
Packaging capacity	40-80ppm
Width	50mm-110mm
Length	50mm-120mm
Max filling capacity	60ml
