

## Linear Weigher for Granules TOPY-4HGFM

Customized products can be made according to you requirements. Customized production equipment and production line.

### Features

- Automatically complete the measurement and filling work.
- Use touch screen to set filling parameters, support multiple languages.
- Intelligent PLC control system, easy to use and easy to manage.
- The machine shell is made of stainless steel, which is durable and beautiful.
- Various product adjustment parameter formulas can be stored for later use to improve work efficiency.

### Parameter:

Model	TOPY-4HGFM
Voltage	220V/380V
Power	2200W
Filling accuracy	±1%(different volume and material,accuracy will be little different)
Gas consumption	0.6m <sup>3</sup> /min
Packing speed	10~30botles/min(it depends on filling volume and material)
Filling volume	50g-5kg
Power specifications	220V 50hz
Machine weight	550kg
Outline dimension	1100*500*1900mm
