

TRP-250C/400C/600C Pillow Packaging Machine

It is designed on the base of model TRP-250F, and added a set of traction system in the form of sponge material conveying belt. It solved the problem of the ultra-thin material and overweight of the packaging object on the model TRP-250F. This machine is suitable for packaging biscuit, cookie, candy etc. in pillow-type with various laminated film materials. This machine adopts PLC programmable controller to program operation of the whole machine. The machine cover and the parts contact with the packaging product all adopt stainless steel material. With the features of innovated design, compact structure, good performance, easy operation and maintenance, this machine is your best choice for packaging.

Technical Parameters

Main Technical Parameters

Model	TRP-250C	TRP-400C	TRP-600C
Capacity	60-200 Bags/min Depending on packing materials	30-180 Bags/min Depending on packing materials	30-100 Bags/min Depending on packing materials
Packing Size	L60-150mm.W30-110mm.H5-30mm Can be specially designed	L80-180mm.W30-180mm.H5-55mm Can be specially designed	L150-300mm.W100-270mm.H5-70mm Can be specially designed
Width Of Packing Material	80-250mm	90-400mm	250-600mm
Total Power	220V 50Hz 2kW	220V 50Hz 2kW	220V 50Hz 2.5kW
Weight	680kg	750kg	850kg
Overall Dimension	L×W×H 5100×640×1500mm	L×W×H 5100×770×1600mm	L×W×H 5200×1100×1600mm
