

Wet Glue Labelling Machines LABELWET-300.2

Fully Automatic High Speed Labelling Machine Model LABELWET-300 Version HL.2 in completely STAINLESS STEEL FINISH to meet current market requirement. LABELWET-300.2, Carton Folding and Gluing Machine is made for Labelling on many kind of round Bottles and other cylindrical products used by Pharmaceutical, Beverage, Food, Cosmetics, Ayurveda, Breweries, Distilleries and other Industries

LABELWET-300.2 is superfast, efficient and reliable having more than 350 installations in India and Abroad. The Specialty of the LABELWET-300.2 is its adaptability to suit your requirements.

The machine also has Completely Stainless Steel Finish, No Bottle No Label system, No Label No Gluing system and No Label No Coding System. Optionally A.C. Variable Speed Control, Pulse Counter, Safety Guard also available. The LABELWET-300 Model comes in various version to match wide range of Label Size for Vials or Bottles with suitability to most of requirement in Pharmaceutical and allied industries to match individual requirement of customer with their specification and speed.

BUILT-IN UNIQUE FEATURES

- 30 to 50% Glue Saving on each Label due to Strip Gluing System
- No Label - No Gluing System eliminating wastage of Glue
- No Bottles - No Label System eliminating wastage of Labels
- No Label - No Coding System eliminating wastage of Ink
- Built in online Coding System for printing B.No. Etc. Using Rubber Stereos and suitable ink for Labels to be provided by customer only
- Easy to Change Label Application height on Bottles
- Built in Vial/Bottle Jamming Sensor to avoid damage / breakage to the Vials / Bottles at in-feed
- Synchronized speed of Label application with Gluing, Printing and Bottle Feeding
- Fully Gear Drive System - No Chain Drive

- Easy Change over system - No Setting of Master or Cam for timing
- Least Change over time for Vial and Label Change Parts
- Suitable for any type of Grooved Surface of Product
- Suitable for Partial, Full Wrap Around and Overlap Labelling
- Fully Stainless Steel finish Machine

Technical Specifications

Label Height	20 mm to 70 mm Standard*
Label Length	45 mm to 120 HL.2 / 175 HL.2.3 mm Standard*
Vial/Bottle Diameter	15 mm to 70 mm*
Glue	Cold Dextrine Base Glue or other glue which does not create any fibers or threading during rotation, water soluble glue is required
Speed	Up to 250 Labels per minute HL.2 and 120 Labels per minute HL.2.3 depending on Bottle and Label Size
Conveyor height	830-875 mm*
Overall dimension	2670 mm(L) X 900 mm(W) X 1100 mm (H)
Machine Direction of Movement	Left to Right from operator side
* <i>Specification can be changed as per customers requirements</i>
