

Horizontal Flow Wrapper Machine HW-281A

Servo motor model for small product size. Product settings monitored from memory, resulting in high efficient production and low maintenance.

Features

- Servo driving, product parameters memory, provides high efficiency production, less maintenance.
- Twin reels with quick release locks.
- 3 Servo motors.
- 3 sets of fin wheel.
- Up to 30 product parameters can be memorized, including speed, bag length, crimper dwell, product position and temperature.
- No product No bag.
- No gap- no seal.
- Touch screen for operator interface.
- Equipped with a photocell made in Germany avoiding film-cutting error.
- One fixed bag former.
- Auto-stop avoids film breakage & film running out.
- Fin seal roller with automatic release/close when the machine on/off.
- Connected parts with product made by stainless steel.
- Four pairs end sealing jaws equipped with four sets flat or zig-zag cut-off knife.
- 2M adjustable infeed conveyor.

Pouch Size

- HW-281A : L45~65mm x W15~33mm x H5~22mm

Applicable Category

- Food Industry.
- Medicine Medical Category.
- Beauty Care.
- Metal Products.
- Classes and Families Chemical.

Specification

Model	HW-281A
Packing Style	Pillow Style
Pouch Material	Any Laminated Heat Sealable, ex.PET/OPP, PET/OPP
Max. Film Width	180 mm
Pouch Size (Length)	45~65 mm
Pouch Size (Width)	15~33 mm
Pouch Size (Height)	5~22 mm
Operating Speed	Max. 1000 Pouches/Min. (subject to prodcuts and film material)
Power Supply	200V~440V 3Phase 50/60Hz
Weight	Approx. 930 KG
