

Four Corner Seal Filling Packing Machine SL500T-4S

The scope of application:

Powder, granular materials, flake materials, noodles, sauce, etc.

Main Features:

1. 5.7-inch LCD touch screen, easy and intuitive control;
2. Servo motor double belt pull film to ensure that the pull film process is fast and smooth
3. Horizontal seal is used servo control, fast speed, smooth and reliable, adjustable sealing pressure, sealing stability, low noise.
4. Automatically complete weighing, filling, bag forming, sealing, printing, and counting.
5. PLC control components are used international brand-name appliances, reliable performance;
6. Advanced design to ensure the series of packaging machines is suitable for different industries, more convenient adjustment, operation and maintenance, also can be combined with domestic and foreign different measurement equipment.
7. The four corner bag is increased four corners on the basis of vertical bag, so that the bag's three-dimensional sense is stronger, the appearance is more beautiful and generous;

Technical parameters:

| Machine type | SL500T-4S | SL500T-5S |
|-------------------------|---------------------|---------------------|
| Fastest packing speed | 30 bags / min | 30 bags / min |
| Bag size (mm) | Front width: 70-180 | Front width: 70-180 |
| | Side width: 40-100 | Side width: 40-100 |
| | Edge closure: 5-10 | Edge closure: 5-10 |
| | Length: 100-350 | Length: 100-350 |
| Maximum film width (mm) | 500 | 500 |
| Power supply | 220V 3.5KW 50HZ | 220V 3.5KW 50HZ |
| Total Weight | 750kg | 750kg |
