

OPLM-AR Vertical Round Bottle Labeling Machine

Technical Data:

- Labeling Speed___0-26m/min
- Labeling precision___Less than 1mm
- Label length___10-200mm
- Label height___optional
- Inner/outer dia. of label roll___76mm/350mm
- Net weight___100kg
- Power___220v, 50//60hz, 350w
- Machine size___200*100*140cm

Feature:

1. Suitable for round bottle labeling
2. Easy to operate, user-friendly digital controller. Man-machine interface for easy ready and operation
3. Memory storage of up to 10 sets of labeling parameters for fast recall when production changes
4. With fault display and alarm functions for tags used up or broken down
5. Components are done with surface finishing and special treatment to ensure high quality, stable with high precision, long life-span
6. Applicable for food, chemical, medical, cosmetic, electronic, hardware, car parts, stationary battery packed in round shape

Application:

- 1) Labeling round bottles such as boxes, bottles, jars, cans, etc
- 2) Widely used in cosmetic, drinks, chemical, medical, food industry etc, which can highly improve productivity and product quality.
