

Automatic Sticker Labeling Machine ES-CV

Applies to finish positioning labeling on a variety of round plastic and glass bottles in food, medicine, cosmetics, chemical and other industries.

Functions and features:

Have the fixed positioning labeling function for round bottle.

Convenient to operate, intuitive, and have the extensive function of help feature and fault display.

Reserved 50 groups labeling parameters (including the bottle diameter and label length), no need to reset when change other bottles.

Pointing bottle wheel is designed for separating the bottles with extensive application and easy adjustment.

Three-fixed style labeling for round bottle, make sure the labeling accuracy.

Offer various detection functions, which can effectively prevent fail labeling, wrong labeling, re-paste, crooked labeling, unclear coding or fail coding and other problem.

Technical parameters:

- The diameter/width of object: 20-120mm
- Labeling accuracy: ± 1.0 mm
- Scope of application label: height 10-250mm, length 15-300mm
- Labeling speed: 20-60 bottle per minute
- Rated voltage: 220V/50Hz
- Total power: 1.1KW
- Machine size: 2000*1230*1900mm
