

## Automatic Cotton Inserting Machine

Automatic cotton inserting machine suitable for all kinds of grade and weight cotton strips. The sliver is pulled out by the pressure wheel controlled by the motor, and then the cylinder movement, the cotton is packed into the bottles with the U-type.

### Features

- Wide applicability, used for round, square, flat and special shape bottle made of plastic.
- Self-diagnose and stop working to make alarm at errors and missing bottles as well as change cotton sliver.
- Patented cotton-insert technology, using pneumatic cotton-insert technology to avoid pollution of materials.

### Technical Parameters:

Applicable	Type	round, oblate, square, flat square bottle
Capacity	Bottles/min	30-50
Power	W	700
Vacuum pump	Mpa	0.06
Voltage supply	V	220V/380V according to customers' requirement
Oversize of machine	Mm	1400*800*1550
Weight of machine	Kg	280
