

CCE-420F Fully-Automatic Powder Packaging Machine

Suitable for automatic packaging powder materials like all kinds of flour, washing powder, fine sugar, milk powder, glucose, seasoning, food additive, pesticide, and Chinese medicine.

Features

- 1.Imported PLC control system, simple-operating, visual touch screw.
- 2.Servo film feeding system, correct register, sealing and cutting positions adopt automatic correction device, high automation.
- 3.Intelligent temperature controller is used, correct temperature control, ensure nice, smooth seal.
- 4.Perfect automatic alarming protective function, reduce the consumption up to the lowest.
- 5.When the machine is combined with metering equipments, full packaging process including automatic feeding, metering, bag filling, date printing and automatic counting is completed.
- 6.Type of bag making: according to customer's demand, the machine can produce pillow bags, punched hang

Technical Parameters:

Packing speed	15-50bags/min
Bag-making size	(L)80-300mm(W)80-200mm
Filling range	10-1000g
Film width	180-420mm
Packing materials	OPP/CPP PET/PE PET-AL/PE
Film thickness	0.04-0.08mm
Air consumption	0.36m ³ /min 0.6MPa
Power supply	AC220V/380V 50/60Hz 3.5kw
Machine dimensions	(L)1750×(W)1050×(H)2580mm
Machine weight	580kg
