

Automatic Flap Carton Sealer YC-Z500B

Automatically fold the cover and adjust the width and height after receiving. The carton is suitable for the pipeline operation, the box is folded and sealed once, without manual participation, the automation is strong, and the two conveyor belts are divided into right and right parts.

Technical Parameters:

Model	YC-Z500B
Max. Carton Sealing size	L500*W500*H500mm
Min. Carton Sealing size	L150*W120*H150mm
Max Power Consumption	0.4kw
Apply Air Pressure	6kgf/cm ²
Convery speed	20m/min
Machine size	L2060mm*W980mm*H1520mm
Net weight	236kg
