

Tube Filling Machine CPTTF-30

Widely demanded in pharmaceutical industries, the offered Tube Filling Machine is manufactured in compliance with the existing industry guidelines. These efficient and high durability machines are extremely popular for their huge production capacity and excellent output rate. Tube filling machines offered by us are provided at budget friendly rates.

Features:

- Highly durable
- Efficient performance
- Lightweight

Technical parameters:

Model	CPTTF-30
Machine Covering	S.S. 304
Machine Size	700mm(L)x500mm(w) x1250mm(H)
Output	20-30 per minute
Power Require	220 volt, 2 HPNet
Weight	350 kg
Gross Weight	400 kg
