

## CP-30V Vertical Carton Packing Machine (hot glue)

### Product Description:

#### Application:

This vertical carton packing machine can be used for packing bag in box, coffee capsules in carton, and solids in carton.

#### Features:

- Full stainless steel machine frame,
- Servo motor driven / PLC control/touch screen operation
- Working with hot glue machine for box sealing
- Sensors for box/product checking,

#### Technical Data:

Model	CP-30V
Capacity	15-30 boxes/min
Carton Quality	300-450g/m <sup>2</sup>
Carton width	80-150mm (can customer built)
Carton Depth	80-150mm (can customer built)
Carton Height	100-300mm (can customer built)
Air consumption	200L/min
Air Pressure	0.6-0.8Mpa
Voltage	220V, 50HZ
Power Consumption	2.0KW
Dimension	Main L1500*W1500*H1900mm
	L3500*W2200*H1900mm (conveyors)
Net Weight	850kg
