

D-420 Fully Auto Volumetric Cup Filler Granules Packing Machine

D-420 Vertical automatic packaging machine

Features:

- * Famous brand PLC control system, wide version touch screen, convenient to operate...
- * Servo film pulling system, Pneumatic horizontal sealing.
- * Perfect alarm system to reduce waste;
- * It can complete feeding, measuring, filling, sealing, date printing, charging (exhausting), counting, and finished product delivery when it equips with feeding and measuring equipment;
- * The way of bag making: the machine can make pillow-type bag and standing-bevel bag, punch bag or according to customer's requirements.

Technical parameter:

Items	Content
Capacity	5-70 bag/min
Bag size	(L)60-300mm (W)80-200mm
Bag type	Pillow-type bag, standing-bevel bag, punch bag
Max film width	Max 420mm
Film thickness	0.04-0.08mm
Air consumption	0.8Mps 0.25m ³ /min
Main power/voltage	2.4KW/ 200V 50Hz
Dimension	L1350×W1200×H1450mm
Weight	450kg

Cup metering device (middle type):

- Turn table dosing machine with open door
- Five sets of adjustable meter glass to fix quantity, suitable for grain material with good fluidity;
- Adjusting the capacity by turning the screw under the turn table;
- It has the smallest capacity when the inner and outer glass of meter glass is overlapped, and the vertical amplitude of accommodation is 30%. Supported with fixed or movable hair brush according to different material;
- Speed of quantity fixing: 20-80 times/minute (adjustable)
