

## Automatic Cup Filling and Sealing Machine (CFS-4)

- Suitable for automatically filling and sealing plastic cup and box. Used for packing drink, yogurt, jelly, pudding, soy-milk, mineral water etc...
- Automatically dropping cup, filling, UV sterilizing, light sensor, printing date, sealing, cutting etc. The machine is made of steel and stainless steel with simple construction and easy to operate.
- We can make the machine according to customer's requirements.

### Technical Parameter:

Model Name	CFS-4
Packing Speed	3360-4430Pcs/Hour
Filling Current	0-350MI
Voltage	380V/50Hz
Electric Motor Power	1.1kw
Heat Up Power	4.5Kw
Air Pressure	0.5mpa-0.75mpa
Maximum Air Consumption	0.45m <sup>3</sup> /m
Dimension	3000x800x1700cm
Weight	1200kgs
