

## Capsules Tablets Counter SLJ series

This is one of the fastest and the most accurate tablet-counting machine in the world. The machine supply a tablet-counting solution to various shapes of medicine pill, tablet, capsule and other solid medicine pieces. The latest advanced technologies adopted to this equipment ensure the speed and accurate work stably.

### Structure & Function

- Accurate 3D distinguish device and 3-layer vibrate system ensure the 100% correction in tablet-counting.
- A 24-track tablet-counting machine reach the extreme production of 200 bottles per minute.
- The module of tablet-counting can be fixed parallel to increase output volume.
- Funnel vacuum device cleans dust completely.
- Reject system pick out the unqualified bottle.
- Completely comply to GMP standard.

### Parametes

Model No.	Speed	Filling Volume	Diameter of piece	Diameter of bottle(mm)	Height of Bottle (mm)	Electricity Supply	Power	Air Pressure	Size(mm)
		per Bottle	(mm)						
<b>SLJ-12</b>	9000(pcs/min)	3-1000pcs	φ1.5-φ30	φ20-φ100	45-200	220V 50/60Hz	1.1KW	0.5-0.7MPa	1360x1700x2000
<b>SLJ-24</b>	18000(pcs/min)	3-2000pcs	φ1.5-φ30	φ20-φ100	45-200	220V 50/60Hz	1.8KW	0.5-0.7MPa	1760x1800x2000
