

## *Automatic Microwave Popcorn Packing Machine LGT-350*

Microwave popcorn packing machine is a perfect granular packaging machine, and we have different models of popcorn packaging machine for sale. It can seal, count, cut and shape at the same time. Automatic popcorn packing machine have high quality, low sale price, and we have and good reputation among customers.

The machine can be widely used in all kinds of composite packaging materials, widely used in the packaging of granular products, such as rice, seeds, beans and so on. The packing precision of this machine is high, no leakage, and the sales price is reasonable.

### **Features:**

1. Automatic popcorn packing machine can automatically select the matching mode to match the current operating procedures to ensure the packaging speed and packaging effect.
2. The machine is made of 304 stainless steel material, which has good corrosion resistance and can ensure the hygiene of the product. Moreover, the spare parts of this machine are all imported parts, which can guarantee the service life of the machine and ensure the safety and health of the packaging products.
3. The packaging speed and packaging specifications of the machine can be adjusted. The machine can be packaged quickly.
4. This machine can use all kinds of sealing materials. Moreover, the machine is equipped with raw material monitoring, which can effectively reduce the waste of raw materials and save production costs.
5. Microwave popcorn packing machine can cooperate with the production line.
6. Automatic popcorn packing machine adopts imported PLC control system and is equipped with a double-text touch screen. Not only is it convenient and fast, but it can monitor the production process at any time.
7. The machine is equipped with a color system operator, which can easily obtain the company's trademark and various anti-counterfeiting marks, and has a good anti-counterfeiting effect.

**Technical Data:**

<b>Model</b>	<b>LGT-350</b>
Packing Speed	30-90 Bags/min
Total Power	2.5KW/220V
Measure Range	10-200ML
Gross Weight	480Kg
Bag Size Making	L:50-320mm W: 30-150mm
Thickness Of Packing Film	0.04-0.08mm
Dia. Of Rolling Paper	<=400
Size	820*900*1980mm
