

LT-710-A Auto Powder Filling Machine

This type LT-710-A Auto powder filling machine can calculate and filling work. Due to this special professional design. So it is suitable to the fluidic or low-fluidity materials, like coffee powder, wheat flour, condiment, solid drink, veterinary drugs, dextrose, pharmaceuticals, powder additive, talcum powder, agriculture pesticide, dyestuff, and so on.

Application

1. Stainless steel structure; Quick disconnecting or split hopper could be washed easily without tools.
2. Servo motor drive.
3. Fill by weight system with high accuracy and high speed.
4. Replacing the auger parts, it is suitable for material from powder to granule. Machine can be customized according to samples.

All stainless steel design (contact part 304SS which is food grade), meet the health-class standards, mainly for pesticides, veterinary drugs, etc.

Technical parameters

Model	LT-710-A Auto powder filling machine
Voltage	AC 220V 50Hz
Power	1250w
Suitable bottle	Diameter:20-150mm, height: 60-300mm
Filling speed	1-30 bottles/min
Hopper volume	25L
Machine size	900*900*2000mm
