

WP-Y30 Honey Sachet Packing Machine

Mainly Packaging the liquid or paste in small sachet at high speed, such as shampoo, lotion, hand washing, liquid soap, liquid flavors, juice, oil, jam, honey etc.

Product Introduction:

Application of the liquid/sauce paste small sachet packing machine:

Mainly Packaging the liquid or paste in small sachet at high speed, such as shampoo, lotion, hand washing, liquid soap, liquid flavors, juice, oil, jam, honey etc.

Main technological parameter:

Model	WP-Y30
Machine Speed	30-70Bags/min
Bag Size	(Length)30-160 mm (Width) 30-50 mm
Suitbale PackingFilm Material	laminated film or paper-plastic film
Net Weight	180KG
Bag Type	Stick sealing
Notch	Zipper notch to be cut single or perforation bag-linking/Flat notch or straight bag-linking
Voltage	AC220V Single-phase 50HZ
Total Power	1.2KW
Measuring range	3-50grams
Gross.Weight	225KG
Control System	Taiwan Delta PLC control system

Color Touch Screen	With color touch screen, HMI , which makes it very easy and convenient operation
Measuring Mode	Volume Cup
Machine Material	Stainless Steel 304(SS304)
Machine Dimension	Length:700 * Width:650 * Height:1700 mm
