

RH-420 Automatic Packaging Machine

Product introduction:

1. RH-420 automatic packaging machine adopts color touch screen and stable and reliable PLC servo system control.
2. The air circuit control and the circuit control electric box are separated independently, with low noise and stable circuit.
3. The double-belt servo stretch die is adopted, which has a large stretch film force, and the packaging bag is well formed, which is more beautiful and the belt is not easy to wear.
4. Servo control is adopted to achieve high-precision positioning and accurate size.
5. Applicable packaging: white sugar, rice, puffed food, flour, milk powder, solid beverages, etc.

Parameters of automatic packaging machine:

- Model: RH-420
- Bag length: 80-300mm(L)
- Bag width: 100-200mm(W)
- Max width of roll film: 420mm
- Packing speed: 5-60bag/min
- Air consumption: 0.65mpa
- Gas consumption: 0.4m³/min
- Voltage: 220V/50HZ
- Power: 3.0KW
- Dimension (L): 2000mm×(w)1800mm×(H)2536mm
- Machine weight: 900kg
