

ZS-GTJ Mixing Filler Machine

We not only provide standard machines but also customize whatever you like, like add up a mixer for very high density stuffs, process a heating hopper, or make a bigger hopper, or make more filling head too meet with high production efficiency requirement, and even can provide you assistant equipment with cost price, like air compressor, and so on.

Technical Parameters:

- Model: ZS-GTJ Paste Filling Machine
- Filling Nozzle: Single Nozzle(We also offer Double Nozzle)
- Filling Speed:5-25 bottle/min
- Filling Range:10-100ml/30-300ml/50-500ml/100-1000ml/500-3000ml/1000-5000ml
- Rotate Speed:0-1700r/min
- Accuracy:≤±0.5%-2%
- Pressure:0.4-0.6Mpa
- Air Capacity:>30L
- Packing Size: 930* 360*335mm (Machine) / 440*455*505mm (Hopper)
- Gross Weight : 25kg (Machine) /14.5 (Hopper)
- Machine Size: 773*280*910mm
- Net Weight :34.5kg
