

TFP-2A Automatic Single Auger Filler Powder Packing Machine

Automatic Single Auger Filler Powder Packing Machine is our new standard type packing equipment for powdery material or fine granules cans/bottles auto packing. This machine is composed of auger filler, S.S304 outside structure, Chain conveyor, Cans seamer&capper etc.

Applications

This automatic powder packing machine is our new developed economical powder metering machine in the powder dosing and powder packaging industry, which can be applied to the quantitative measurement of a variety of powders or fine particles such as flour, coffee powder, milk powder, tapioca flour, seasoning powder, chemical powder and other materials. It is suitable for bags, cans, bottles semi-auto filling.

Technical Parameters

Model	TFP-2A
Metering method	Screw quantitative
Filling range	Max500g
Filling accuracy	<0.3%-1%
Packing speed	Max70 pcs/min(according to dosing weight and material's flowing ability)
Hopper volume	25L
Power supply	380/220V 50-60Hz, 1.2Kw
Machine weight	400kg
Air source	0.5-0.7Mpa
Cans applicable size	D:50-180mm; H: 50-350mm
