

## *HL-T-402 Automatic Round Bottle Labeling Machine*

HL-T-402 Automatic Round Bottle Labeling Machine compared with similar products on the market, it has incomparable outstanding advantages in terms of performance, quality, appearance, etc., and enjoys a good reputation in the market. summarizes the defec. can make a promise to provide all-round after-sales service for every customer.

### **Introduction**

In this machine, the automatic bottle feeding box is equipped, by which one box of bottles can be put on the conveying belt, and then have the round-bottle labeling. This labeling machine can be applied for bottles of oral liquid, vials, lip stick, solid glue, test tubes or pens, etc. The unique automatic bottle feeding box is designed and developed by our company, and the bottle blocking can be avoided.

Instead of the rolling-type label pressing, the pneumatic label pressing is adopted, with the transparent label-testing electric eye, if there is convex on the bottle's surface, the bottle separating device cannot work.

### **Product parameter**

<b>Model</b>	<b>HL-T-402</b>
Label length range	20-100mm
Label width range	20-130mm
Label roll diameter range	Outer diameter: 250mm, inner diameter: 76mm
Round bottle diameter range	10-15mm
Labeling speed	30-50 bottles/min
Labeling accuracy	±0.5mm
Power	1.5KW
Voltage	220V, 50Hz
Weight	200KG
