

Sachet Packaging Machine DXD-50Y

DXD series, The Japan Mitsubishi PLC control, with LTD touch screen interface system, easy operation, convenient operation, variable speed, Automatically measuring volume, making bags, filling, sealing, cutting, printing the lot number and cutting easy tearing notch.

Characteristic

1. English and Chinese screen display, operation is simple.
2. PLC computer system, function is more stable, adjustment any parameters not need stop machine.
3. It can stock ten dispose, simple to change variety.
4. Sever motor drawing film, position accurately.
5. Temperature independent control system, precision get to $\pm 1^{\circ}\text{C}$.
6. Horizontal, vertical temperature control, suitable for several of mix film, PE film packing material.
7. Packing type diversification, pillow sealing, standing type, punching etc.
8. Bag-making, sealing, packing, print date in one operation.
9. Work circumstance quiet, low noise.

Can pack: All liquid, water, shampoo, sauces, such as packaging, suitable for 200ml or less of the product packaging

Parameter:

Model	DXD-50Y
Range of measure	0-50ml
Measuring Method	Volume/Pump
Size of bag	L50-140mm W40-85mm
Capacity	40-70 bags/min
Control style	PLC control system + Chinese/English Interface
Case of machine	Spray painting / Stainless steel
Power	Main motor 370W, heating power 720W
Power supply	AC 380V 50Hz / AC 220V 50Hz
Weight (Kg)	N.W.: 165, G.W.: 195
Dimensions(mm)	600*600*1600
Size of shipping box(mm)	800*800*1800
Material of bag/Film	Paper/polyethylene, cellophane/polyethylene, plated aluminum/polyethylene, BOPP/polyethylene, nylon/polyethylene
Sealing style	3-side seal / 4-side seal/back seal
Function	Automatically measuring volume, making bags, filling, sealing, cutting, printing the lot number and cutting easy tearing notch.
