

KENO-H105 Heat-Shrink-Packing-Machine 2 in 1

Applicability: Packing pharmaceutical, food, stationery, cosmetic, electronic products and toys.

Features:

- 1) Totally enclosed packing type
- 2) Sealing, cutting and shrinking are finished in one process
- 3) Instant heat-blade, sealing and cutting automatically, and the sealing-cutting time can be adjusted optionally
- 4) Protective device can effectively prevent from wrong cutting
- 5) The height of platform can be adjusted
- 6) It's easy to operate

Specifications:

- Power supply: 220V 50Hz
- Power: 11kW
- Sealing size: 550 x 350 mm
- Max. Packing height: 350 mm
- Max. Packing speed: 10 bags/min
- Overall dimensions: 1450 x 730 x 1360 mm
- Weight: 115kg
