QZD-260 Multifunctional Automatic Packaging Line

This machine can wait for the packing of materials, and has the functions of automatic packing of materials, automatic shutdown of materials in shortage, etc. This machine can count materials automatically, sort materials automatically and separate materials automatically. First, reduce labor intensity and improve production capacity. This machine adopts full servo control system, which can connect various production lines to form packaging production automation.

Technical Parameters

Model	QZD-260		
Finished package size	长Length	宽Width	高Height
	65~330mm	30~150mm	5~50mm
Vertical and cross sealing strength	>15Nmm²		
Packaging speed	40~220Bags/min		
Packaging film width	90-350mm		
Power specification	220V 50 60Hz 2.4KW		
Machine weight	600kg		
Overall size	4100×1000×1560mm
