- System notifies the end, shortage, broken of label. It also has the function of label counting.
- Machine suitable for standalone or connect with other machines in one production line.

Product Specification

Model	CY-1600
Machine Size (L*W*H)	2000x1000x1500 mm
Label Length	20-135 mm
Label Height	20-135 mm
Label Reel (I.D.)/(O.D.)	76 mm / 360 mm
Product Size	W:50-140 mm x L:50-200 mm x T:15-30 mm
Labeling Speed	60-100bpm (It depends on product's diameter and material.)
Control System	CPU/PLC
Voltage	110V / 220V, 50/60HZ, single phase
