

FK813 Automatic Double Head Plane Labeling Machine

FK813 automatic dual-head card labeling machine is dedicated to all kinds of card labeling. Two protective film films are applied on the surface of various plastic sheets. The labeling speed is fast, the accuracy is high, and the film has no bubbles, such as wet wipe bag labeling, Wet wipes and wet wipes box labeling, flat carton labeling, folder center seam labeling, cardboard labeling, acrylic film labeling, large plastic film labeling, etc. High-precision labeling highlights the excellent quality of products and enhances competitiveness. It is widely used in electronics, hardware, plastics, chemical and other industries.

Technical Parameters:

Parameter	Data
Labeling accuracy(mm)	±1(errors caused by product and label are not concerned)
Labeling speed(pcs/min)	40 ~ 80(Influenced by size of product and label size)
Suit products size(mm)	L(W): ≥10; H: ≥0.2
	Can be customized
Suit label size(mm)	L: 6 ~ 250; W(H): 15 ~ 130
Voltage	220V/50HZ(Can be customized)
N.W (KG)	≈180
G.W(KG)	≈200
Power(W)	220V/50(60)HZ;
