

TM-F400L High Speed Linear Type Nespresso Packing Machine

This is a fully-automatic capsule filling sealing machine. It can produce almost all compatible capsules, such as Keurig k cup, Nespresso, Dolce Gusto, Lavazza, paper cup and custom-shaped, etc. This machine is the highest speed model with the highest level of quality in China now. We successfully achieved machine parts mechanical linkage that guarantee the machine with long running stability and service life of the machine have obvious advantages, which reach the top design concept in Europe. Supported by our company's sophisticated design team, this machine has the most advanced technology and leading-edge performance, with many unique patents.

Technical parameters

Model	TM-F400L
Material contact part	SS 304
Packing speed	(40-55) ×4 capsules/min
Filling range	(0-20) g X4
Filling accuracy	±0.05g
Power	3Phase 220/380V 50/60HZ 1.5KW
Air supply	≥0.6Mpa
Air Consumptio	0.1m³/min
