GPC-50 Double Column Flaps Folding Carton Sealer

The new double column flaps folding carton sealer GPC-50 is optimized and upgraded on the basis of the single-column flaps folding carton sealer. The double-column clearly reflects the firmness and stability of the machine, and is equipped with a separate electric box control system. It can also install the upper drive system according to the customer's product characteristics. This type of carton sealer is widely used in food, medicine, beverage, tobacco, daily chemical, automobile, cable, electronics and other industries.

FEATURES

- Durable parts: use imported parts and electrical components
- Easy adjustment: manually adjust the width and height of the machine according to the carton specifications
- Fast sealing: automatically fold the top cover of the carton, automatically attach the tape up and down, economical, smooth and fast
- Safety protection: Install blade guards to avoid accidental punctures during operation
- Applicability: The automatic sealing machine can be used in a single machine or in conjunction with an automated packaging line.

SPECIFICATIONS

MODEL	GPC-50
Conveyor speed	18m/min
Carton Size	L200-600×W150-500×H150-500mm
Power Supply	220V 50/60Hz 1Phase
Power	420W
Adhesive Tape Width	55-72mm
Air Consumption	50NL/min
Air Compressing	0.6Mpa
Table Height	600+150mm
Machine Dimension	L1770×W920×H1520mm
Machine Weight	270KG
