

## *MIC MY-60YB Paste Filling Packing Machine*

Our automatic liquid packaging machine is designed for the efficient packaging of various liquids, including foods, medicines, and chemicals. It is suitable for a wide range of products such as pesticides, shampoo, body wash, facial creams, sauces, ketchup, honey, shower gels, lotions, toothpaste, cosmetics, jams, edible oils, and soy products.

### **Machine Features:**

**Fully Automated Process:** This machine performs all packaging operations automatically, including forming bags, measuring, filling materials, sealing, counting, and date code printing, ensuring seamless production.

**Customizable Systems:** The machine can be equipped with either a photoelectric and tracing system or a computer system based on specific requirements, enhancing precision and efficiency in packaging.

**User-Friendly Control:** The PLC controller offers convenient features such as setting the bag length, output alarm, and adjusting speed and quantity with buttons, providing ease of operation and control.

**Date Code Printing:** It can be integrated with a code printer for printing 1-3 lines of characters, such as production and expiry dates, meeting regulatory and customer requirements.

**Eye Mark System:** The machine is equipped with an eye mark system, allowing precise cutting of complete logos for branding purposes.

**Automatic Film Detection:** It automatically stops when the film runs out, preventing disruptions in the packaging process and ensuring continuous operation.

**Packaging Performance:** The machine delivers fine packaging performance with low noise levels, clear sealing texture, and strong sealing performance, ensuring product integrity and quality.

**Customizable Options:** It offers straight-line easy tearing and emboss code as free options, providing flexibility to meet specific packaging needs.

With its advanced features and reliable performance, our automatic liquid packaging machine is an ideal solution for businesses seeking efficient and high-quality packaging solutions for liquid products.

## Parameter

Model	MY-60YB(normal type)	MY-60YB(pneumatic type high speed)
Capacity	30-50 bags/min	60-100 bags/min
Range of measurement	1-50g(need change pump)	1-20g(need change pump)
Accuracy percent	<u>2%</u>	<u>2%</u>
Bag size	(L)20-145 (W)15-100mm	(L)20-145 (W)15-100mm
Sealing Type	3 or 4 side sealing	3 or 4 side sealing
Power	1180W	1180W
Total power	380V/50HZ 220V/50-60HZ	380V/50HZ 220V/50-60HZ
Packing material	Paper/the polyethylene,nylon/polyethylene,tea filter paper,etc	Paper/the polyethylene,nylon/polyethylene,tea filter paper,etc
Net weight	230kg	230kg
Overall dimensions	(L)800*(W)800*(H)1700mm	(L)800*(W)800*(H)1700mm
