

SH-FSFJ80 Automatic Vertical Back Side Seal Powder Stick Sachet Pack Filling Sealing Machine With Date Coder

Main Feature

- ▶ Designed for packaging small sachet powder products.
- ▶ High-precision auger filling ensures accurate powder dosing.
- ▶ Different sealing method can be customized according to production needs.

Parameter

- Machine Model: SH-FSFJ80
- Voltage: 220V/110V 50-60Hz
- Power: About 1.1kW
- Filling Method: Auger Filling
- Packaging Speed: About 30-40bags/min(dependent on materials and bag size)
- Filling Range: 0.5-100g(Can be customized)
- Bag Size: (L)20-190mm*(W)20-100mm (Can be customized)
- Sealing Method: Back-side/3-side/4-side sealing
- Max Film Width: 220mm
- Package Weight: About 267kg
- Package Size: About 1030*700*1950mm
