

Cellophane Wrapping Machine

The Cellophane Wrapping Machine is widely applicable to the automatic film packaging (with gold tear tape) of various single boxed articles. With new-type of double safeguard, no need stop of machine, other spare parts will not be damaged when the machine runs out of step. Original unilateral hand swing device to prevent shaking the machine adversely, and the non-rotation of the handwheel when the machine keep running to secure the security of the operator. No need to adjust the height of worktops at both sides of the machine when you need to replace mould, no need to assemble or dismantle the material discharge chains and discharge hopper.

Technical Parameters:

Packing Material	BOPP Film and Gold Tear Tape
Packing Speed	40 to 80 packs/min
Packing Size (L*W*H)	240*120*60mm
Electric Supply	220V 50Hz 5KW
Overall Dimensions (L*W*H)	2000*700*1400mm
Weight	500KG
